ABOUT THE QUARTET

Julian Lage's career began with a documentary at age eight and led to the Grammy Awards stage at twelve. Since 2021 he has recorded for Blue Note Records.

For his latest album, *Scenes From Above*, Lage assembled a quartet with bassist Jorge Roeder, drummer Kenny Wollesen and multi-keyboardist John Medeski, and the four now tour together.

Singer, composer and artist Laura Itandehui opens the evening, ahead of the quartet's set. The lobby opens at 6:30 PM, and beverages and light bites are available for sale.

Scenes From Above

Lage's fifth Blue Note album, released in January 2026, the record this quartet was assembled for.
